

SAURABH LATWAL

 +91-8979527037  saurabhlatwal2006@gmail.com  LinkedIn  Github

EDUCATION

Graphic Era Hill University
Bachelor in Computer Applications

2023 - 2026

Bhimtal, Uttarakhand

Sharda Public School
Class X & XII

2019 - 2023

Almora, Uttarakhand

TECHNICAL SKILLS

Languages: C++, Python, HTML, CSS, JavaScript
Frameworks/Libraries: Flask, Tkinter, OpenCV, TensorFlow
Core CS: Data Structures & Algorithms, DBMS, Computer Networks
Database: MySQL
Tools: Git, GitHub, VS Code

PROJECTS

Face Recognition Attendance Management System
Python, OpenCV, Tkinter, NumPy, Pandas

2024

Remote

- Developed a face recognition-based attendance management system using OpenCV and computer vision techniques.
- Trained an LBPH model for real-time student identification and automated attendance recording.
- Generated attendance reports and provided manual attendance management through a Tkinter GUI.

ResourcePulse – Intelligent System Performance Tracker
Flask, HTML, CSS, JS

2024

Remote

- Built a real-time system monitoring dashboard to track CPU, memory, disk, and network performance.
- Displays interactive charts for performance trends and triggers alerts when resource usage exceeds defined thresholds.
- Stores historical performance data in a local database or file for trend analysis, debugging, and optimization reports.

Tiger Detection System
Python, Flask, TensorFlow, NumPy

2025

Remote

- Developed a machine learning-based system to detect the presence of a tiger in images using a trained classification model.
- Trained and optimized a TensorFlow model on image data to accurately classify whether a tiger is present or not.
- Built a web interface using Flask to allow users to upload images and receive real-time predictions.

CERTIFICATIONS

- Web Development (Zero to Mastery) - **Udemy (2025)**
- Data Structures using C++ - **Udemy (2025)**

CODING PROFILES

GitHub: github.com/SaurabhLatwal

ACHIEVEMENTS

- Silver Medal – Battle Era "BGMI", GRAFEST 2025.
- Third Position – Volleyball Competition.
